### CONTINUING PROFESSIONAL DEVELOPMENT (CPD)

Registered practitioners must meet the requirements of the Board's CPD registration standard. For more information, view the full registration standard online at [www.atsihealthpracticeboard.gov.au/registration-standards](http://www.atsihealthpracticeboard.gov.au/registration-standards)

### CRIMINAL HISTORY

**Criminal history** includes the following, whether in Australia or overseas, at any time:

- every conviction of a person for an offence
- every plea of guilty or finding of guilt by a court of the person for an offence, whether or not a conviction is recorded for the offence, and
- every charge made against the person for an offence.

Under the National Law, spent convictions legislation does not apply to criminal history disclosure requirements. Therefore, you must disclose your complete criminal history as detailed above, irrespective of the time that has lapsed since the charge was laid or the finding of guilt was made.

The Board will decide whether a health practitioner's criminal history is relevant to the practice of the profession.

You are not required to obtain or provide your Australian criminal history report, Ahpra will obtain this check on your behalf. You may be required to obtain international criminal history reports.

For more information, view the registration standard online at [www.atsihealthpracticeboard.gov.au/Registration-Standards](http://www.atsihealthpracticeboard.gov.au/Registration-Standards)

### IMPAIRMENT

**Impairment** means a physical or mental impairment, disability, condition or disorder (including substance abuse or dependence) that **detrimentally affects or is likely to detrimentally affect your capacity to practise the profession**. The National Law requires you to declare any such impairments at the time of application, including details of the impairment and how it is managed.

### PRACTICE

Practice means any role, whether remunerated or not, in which the individual uses their skills and knowledge as a practitioner in their regulated health profession. Practice is not restricted to the provision of direct clinical care. It also includes using professional knowledge in a direct non-clinical relationship with patients or clients, working in management, administration, education, research, advisory, regulatory or policy development roles and any other roles that impact on safe, effective delivery of health services in the health profession.

### PROFESSIONAL INDEMNITY INSURANCE (PII)

You must have PII, or some alternative form of indemnity cover that complies with the Board's registration standard, for all aspects of your practice, in all locations in Australia. Initial registration and annual renewal of registration requires a declaration that you will be covered for all aspects of practice for the whole period of the registration. You may be covered by your Australian employer's PII—you will need to confirm this with your employer.

For more information, view the full registration standard online at [www.atsihealthpracticeboard.gov.au/registration-standards](http://www.atsihealthpracticeboard.gov.au/registration-standards)

### REGENCY OF PRACTICE

To ensure you are able to practise competently and safely, you must have recent practice in your scope of practice in which you intend to work during the period of registration for which you are applying.

To meet the standard, you must have completed a minimum of:

- 450 hours of practice in the previous three years, or
- 150 hours of practice in the previous 12 months.

If you are returning to practice after an absence of more than three years, the specific requirements for registration will depend on the scope of practice, your level of experience and the length of absence from that scope, including any continuing professional development undertaken.

If you propose to extend your scope of practice you must complete any advanced training/preparation that your peers would reasonably expect to ensure you are competent. If you are making a substantial change to a different scope you must submit a plan for professional development to the Board for approval before commencing the extended scope of practice.
